FAQS

CHEP – HELPING YOU MAKE A FRESH START AT MELBOURNE MARKET, EPPING

What is this information used for?

The sooner we have your preliminary information, the quicker your account can be opened. By providing this information we can pre-populate your application form for you, and send it back by email.

Can we email/fax the form?

Yes - faxes can be sent to (02) 9856 2564 and scanned copies can be emailed to Melbourne.Market@chep.com.

I already have an account with CHEP but I need to open another in a different location?

That is what we call a subsidiary account. Please provide your CHEP account number and email address and we will send you out the appropriate form for you to complete.

How do we get our account number? When will we be told what it is?

Once you have completed our application process your account will become active and you will receive a call from one of our Telephone Account Managers. They will provide you with your CHEP account number, email you your account information and set you up on our online portal, Portfolio+Plus.

WHY CHEP?

CHEP is the **world leader in pallet and equipment pooling**, and a part of Brambles Group, an Australian headquartered global company – we offer the **most resources** to help you manage hired equipment how you want to; online, on the phone and on-site.

Largest offering of online tools to help you run your business the way that suits you - including **mobile transfer and orders technology** (iPhone/ iPad, Android and Windows device compatible) and online support via chepedia.chep.com.

Widest range of equipment available via one supplier; wooden and plastic pallets, crates, bins and other platforms means we'll have a product to help you **move your produce safely and with less waste**.

On-site availability of equipment, and investment in **new washing facilities** at Epping through our partner, Robinson's, gives you the best access to equipment when you need it.

Biggest network of existing trading partners means you can **transfer equipment on and off your account quickly** and avoid chasing around for equipment.

Opportunities to **network with fellow customers,** and **discuss industry issues** at our customer events and forums (and now on LinkedIn).

For more information on how CHEP can help create efficiencies across your supply chain please contact us
